

WELCOME TO

Nord-Pas-De-Calais

Beneath the modern skin of France's northernmost region, the sights and monuments bear witness to the triumphs and turbulences of its past: soaring Gothic cathedrals, stately châteaux along the river Oise, and the battlefields and memorials of World War I.

The channel ports of Dunkerque, Calais and Boulogne, and the refined resort of Le Touquet, are the focal points along a busy coastline that stretches from the Somme estuary to the Belgian frontier.

Boulogne has a genuine maritime flavour, and the white cliffs running from here to Calais provide the most dramatic scenery along the Côte d'Opale.

Flemish culture holds sway along the border with Belgium: an unfamiliar France of windmills and canals where the local taste is for beer, hotpots and festivals with gallivanting giants.
